

PSHE update.

We have been working hard in class during our PSHE circle time. PSHE time helps learn how to take turns, disagree respectfully, be good listeners and form our own opinions.

We have been doing some fantastic learning about the importance of having a growth mindset which means we don't give up when we find something challenging.

At the beginning of the year, children set targets for their learning and these will be reviewed next term.

As a school, we are currently working on the topic: Being me in my world. We have had some brilliant discussions surrounding this topic including: Setting goals, being a school and global citizen, working in a team and rights and responsibilities.

Next term we will be focussing on Celebrating Differences and will be exploring what this means to us in our school and wider communities.

Important dates:

10th October: World Mental Health day.

To mark World Mental Health day by taking part in the #HellowYellow campaign. We ask that children come into school wearing one item of yellow. This will raise funds for the charity YoungMinds which aims to show young people that they're not alone with their mental health.

2nd – 8th November – UK Parliament Week.

We will be learning more about how Parliament impacts our lives and looking at British Values such as Democracy.
