

Mondays Maths activity

Counting practice

o Together, count to 20.

Use this you tube clip if you would like.

[qA](https://www.youtube.com/watch?v=Aq4UAss33qA)

o Now you are going to take turns to repeat this BUT you give each other a number they mustn't say. E.g. Amit tells Mum she can't say 'six'...

o Mum says, 'one, two, three, four, five, , uh-oh, seven, eight, nine, ten, eleven, twelve, thirteen, fourteen, fifteen, uh-oh, seventeen...', etc.

o Now Mum tells Amit he can't say four.

o Play several times. Do you get good at not saying one number?
