

Fore Street Action Days

Enfield Council have secured funding from the Mayor of London to improve spaces along and around Fore Street. We are working with Jan Kattein Architects and local practice Fisher Cheng to:

- upgrade the existing library into **Fore Street's Living Room Library** to support additional community and cultural activities
- transform existing under-used garages into **affordable workspaces**
- create **new street furniture and artwork** along Fore Street and side alleys
- implement a **clean air route** around St. John & St. James Primary School

Join us over **2 days** to see the **latest proposals for future public realm** interventions where there will be an opportunity to help shape the exciting changes to come on Fore Street.

Friday 21st May

2pm - 6pm

Join us outside **Fore Street Library**, 109-111 Fore Street to discuss our design proposals for the **Living Room Library** and **garage workspaces**, and how these spaces can respond to the needs of local businesses, residents and community groups.

Saturday 22nd May

10am - 2pm

Come find us in the **Trafalgar Place** and **Joyce and Snells alleyways** just off Fore Street during the day.

8pm - 9pm

Meet outside **Fore Street Library** to join us for a night walk where we can share in our collective experience of the street at night and hear your ideas on how this can be improved.

You can find out more about the project or to contact the project team please visit Let's Talk Enfield: (letstalk.enfield.gov.uk/angel-edmonton-hub)

There's no need to pre-register for the Action Days.

Come and get involved!
