VISION & VALUES OF ST JOHN AND ST JAMES

Our vision is to create an inclusive community of aspirational learners, children, families and colleagues, working collaboratively and respectfully within a happy, nurturing environment where all flourish and achieve. Pupils are given extensive opportunities through an exciting and engaging curriculum, through which our Christian values are woven.

'I have come that you may have life, life in all its fullness'.

- Local Authority Designated Officer (LADO) Contact 0208 3792746/2850
- Carmel Fox (carmel@foxlangan.co.uk) Link Safeguarding Governor (Chair)
- Channel helpline which school staff and governors can call to raise concerns about extremism with respect to a pupil (020 7340 7264)
- **Police Contact** Enfield Safer Schools Team: 0208 345 1155

1. Aims

The school aims to ensure that:

- Appropriate action is taken in a timely manner to safeguard and promote children's welfare
- All staff are aware of their statutory responsibilities with respect to safeguarding
- Staff are properly trained in recognising and reporting safeguarding issues

2. Legislation and statutory guidance

This policy is based on the Department for Education's statutory guidance [Keeping Children Safe in Education \(Sept 2021\)](#) and [Working Together to Safeguard Children](#)

(2018), and the [Governance Handbook](#). We comply with this guidance and the arrangements agreed and published by our 3 local safeguarding partners.

This policy is also based on the following legislation:

- Section 175 of the [Education Act 2002](#), which places a duty on schools and local authorities to safeguard and promote the welfare of pupils
- [The School Staffing \(England\) Regulations 2009](#), which set out what must be recorded on the single central record and the requirement for at least one person conducting an interview to be trained in safer recruitment techniques
- [The Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- [Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- [The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children
- Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what 'regulated activity' is in relation to children
- [Statutory guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism
- The [Childcare \(Disqualification\) and Childcare \(Early Years Provision Free of Charge\) \(Extended Entitlement\) \(Amendment\) Regulations 2018](#) (referred to in this policy as the "2018 Childcare Disqualification Regulations") and [Childcare Act 2006](#), which set out who is disqualified from working with children

This policy also meets requirements relating to safeguarding and welfare in the [statutory framework for the Early Years Foundation Stage](#).

3. Definitions

Safeguarding and promoting the welfare of children means:

- Protecting children from maltreatment
- Preventing impairment of children's **mental and physical health** or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

Abuse is a form of maltreatment of a child, and may involve inflicting harm or failing to act to prevent harm. Appendix 1 explains the different types of abuse.

Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Appendix 1 defines neglect in more detail.

Sexting (also known as youth produced sexual imagery) is the sharing of sexual imagery (photos or videos) by children

Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

Both CSE and CCE are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity.

Peer on peer abuse where children can abuse other children. All staff should be clear as to the school's policy and procedures with regards to peer on peer abuse.

Female Genital Mutilation is the ritual removal of some or all of the external female genitalia of women and girls living in the UK.

Mental Health

All staff should be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Children includes everyone under the age of 18.

The following **3 safeguarding partners** are identified in Keeping Children Safe in Education (and defined in the Children Act 2004, as amended by chapter 2 of the Children and Social Work Act 2017). They will make arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs:

- The local authority (LA)
- A clinical commissioning group for an area within the LA
- The chief officer of police for a police area in the LA area

4. Equality statement

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to a child who:

- Is disabled and has specific additional needs
- Have special educational needs (SEN) whether or not they have a statutory Education, Health and Care Plan.
- Is a young carer
- Is showing signs of being drawn into anti-social or criminal behaviour, including gang involvement and association with organized crime groups
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Has English as an additional language

- Is in a family circumstance presenting challenges for the child, such as living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse, adult mental health issues or domestic violence
- Is at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- Is an asylum seeker
- Is at risk due to either their own or a family member's mental health needs
- Is looked after or previously looked after
- Is a privately fostered child
- Is a child with a social worker (Child in Need and Child Protection Plans)

5. Roles and responsibilities

Safeguarding and child protection is **everyone's** responsibility. This policy applies to all staff (including supply staff), volunteers and governors in the school and is consistent with the procedures of the 3 safeguarding partners. Our policy and procedures also apply to extended school and off-site activities.

5.1 All staff

All staff will read and understand part 1 and Annex A of the Department for Education's statutory safeguarding guidance, [Keeping Children Safe in Education](#) September 2021, and review this guidance at least annually. All relevant policies are available to all staff through My Concern. Hard copies are available on request.

All staff will be aware of:

- Our systems which support safeguarding, including this child protection and safeguarding policy, the staff code of conduct, the role and identity of the designated safeguarding lead (DSL) and deputies, the behaviour policy, and the safeguarding response to children who go missing from education
- The early help process (sometimes known as the common assessment framework) and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment
- The process for making referrals to local authority children's social care and for statutory assessments that may follow a referral, including the role they might be expected to play (See Appendix 2)
- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals
- The signs of different types of abuse and neglect, as well as specific safeguarding issues, such as child sexual exploitation (CSE), child criminal exploitation (CEE), FGM and radicalization (See Appendix 1)
- All staff should be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school and can occur between children outside of these environments. All staff, but especially the designated safeguarding lead (and deputies) should consider whether children are at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms

and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence.

- Section 13 of this policy outline in more detail how staff are supported to do this.

5.2 The designated safeguarding lead (DSL)

The DSL is a member of the senior leadership team. Our DSL is Patricia Cuncarr, Headteacher. The DSL takes lead responsibility for child protection and wider safeguarding. The DSL or deputies will liaise with the three safeguarding partners and work with other agencies in line with Working Together to Safeguard Children. NPCC – When to call the police will help the DSL or deputies understand when they should consider calling the police and what to expect when they do. They will collate, securely store and agree access to this information.

During term time, the DSL will be available during school hours for staff to discuss any safeguarding concerns.

When the DSL is absent Jo Nagle, Holly Brown and/or Lauren Dean will act as cover.

If the DSL and deputies are not available, Carmel Fox (Chair of Governors) will act as cover (for example, during out-of-hours/out-of-term activities).

The DSL will be given the time, funding, training, resources and support to:

- Provide advice and support to other staff on child welfare and child protection matters
- Take part in strategy discussions and inter-agency meetings and/or support other staff to do so
- Contribute to the assessment of children
- Refer suspected cases, as appropriate, to the relevant body (local authority children's social care, Channel Programme, Disclosure and Barring Service, and/or police), and support staff who make such referrals directly
- Help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced, with teachers and school leadership staff. This role includes ensuring that school staff know who these children are, understand their academic progress and attainment and maintain a culture of high aspirations for these children; supporting teaching staff to identify the challenges that children in this group might face and the additional support and adjustments that they could make to best support these children.

The DSL will also keep the headteacher informed of any issues, and liaise with local authority case managers and designated officers for child protection concerns as appropriate.

The full responsibilities of the DSL and deputies are set out in their job description.

5.3 The Governing Body

The governing board will approve this policy at each review, ensure it complies with the law and hold the headteacher to account for its implementation.

The governing board have appointed Carmel Fox: Chair of Governors to monitor the effectiveness of this policy in conjunction with the full governing board. This is a different person from the DSL.

The chair of governors will act as the 'case manager' in the event that an allegation of abuse is made against the headteacher, where appropriate (see appendix 3).

All governors will read Keeping Children Safe in Education.

Section 13 has information on how governors are supported to fulfil their role.

5.4 The Headteacher

The Headteacher is responsible for the implementation of this policy, including:

- Ensuring that staff (including temporary staff) and volunteers are informed of our systems which support safeguarding, including this policy, as part of their induction
- Communicating this policy to parents when their child joins the school and via the school website
- Ensuring that the Deputy DSLs have appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent
- Ensuring that all staff undertake appropriate safeguarding and child protection training and update this regularly
- Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate (Headteacher will liaise with LADO: Andreas Kyriacou)
- Ensuring the relevant staffing ratios are met, where applicable
- Making sure each child in the Early Years Foundation Stage is assigned a key person

6. Confidentiality

- Timely information sharing is essential to effective safeguarding
- Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare, and protect the safety, of children
- The Data Protection Act (DPA) 2018 and GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe
- If staff need to share 'special category personal data', the DPA 2018 contains 'safeguarding of children and individuals at risk' as a processing condition that allows practitioners to share information without consent if it is not possible to gain consent, it cannot be reasonably expected that a practitioner gains consent, or if to gain consent would place a child at risk
- Staff should never promise a child that they will not tell anyone about a report of abuse, as this may not be in the child's best interests
- The government's Information Sharing: Advice for Practitioners Providing Safeguarding Services to Children, Young People, Parents and Carers supports staff who have to make decisions about sharing information. This advice includes the seven 'golden rules' for sharing information and considerations with regard to the Data Protection Act 2018 and General Data Protection Regulation (GDPR).
- If staff are in any doubt about sharing information, they should speak to the designated safeguarding lead (or deputy). Fears about sharing information **must not** be allowed to stand in the way of the need to promote the welfare, and protect the safety of children.

- Confidentiality is also addressed in this policy with respect to record-keeping in section 12

7. Recognising abuse and taking action

Staff, including supply staff, volunteers and governors must follow the procedures set out below in the event of a safeguarding issue.

Please note – in this and subsequent sections, you should take any references to the DSL to mean “the DSL (or deputy DSL)”.

7.1 If a child is suffering or likely to suffer from harm, or in immediate danger

Make a **referral to children’s social care through Enfield Children’s Portal** and/or the police **immediately** if you believe a child is suffering or likely to suffer from harm, or in immediate danger. **Anyone can make a referral.**

Tell the DSL (see section 5.2) as soon as possible if you make a referral directly.

All referrals are made via the school’s ‘My Concern’ online recording system OR for visitors and staff unable to access a computer, yellow ‘Welfare and Safety forms’ to be completed. In the event that there is a Section 17 or Section 47, where going home may cause serious risk to the child, a yellow safeguarding card should be sent immediately to any DSL on site.

<https://www.myconcern.education/>

<https://www.gov.uk/report-child-abuse-to-local-council>

7.2 If a child makes a disclosure to you

If a child discloses a safeguarding issue to you, you should:

- Listen to and believe them. Allow them time to talk freely and do not ask leading questions
- Stay calm and do not show that you are shocked or upset
- Tell the child they have done the right thing in telling you. Do not tell them they should have told you sooner
- Explain what will happen next and that you will have to pass this information on. Do not promise to keep it a secret
- Write up your conversation as soon as possible in the child’s own words. Stick to the facts, and do not put your own judgement on it
- Enter on My Concern Sign and inform the DSL. Alternatively, if appropriate, make a referral to children’s social care and/or the police directly (see 7.1), and tell the DSL as soon as possible that you have done so

7.3 If you discover that FGM has taken place or a pupil is at risk of FGM

The Department for Education’s Keeping Children Safe in Education explains that FGM comprises “all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs”.

FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as ‘female genital cutting’, ‘circumcision’ or ‘initiation’.

Possible indicators that a pupil has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 1.

Any teacher who discovers (either through disclosure by the victim or visual evidence) that an act of FGM appears to have been carried out on a **pupil under 18** must immediately report this to the police, personally. This is a statutory duty, and teachers will face disciplinary sanctions for failing to meet it.

Unless they have good reason not to, they should also discuss the case with the DSL and involve children's social care as appropriate.

Any other member of staff who discovers that an act of FGM appears to have been carried out on a **pupil under 18** must speak to the DSL and follow our local safeguarding procedures.

The duty for teachers mentioned above does not apply in cases where a pupil is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.

Any member of staff who suspects a pupil is *at risk* of FGM or suspects that FGM has been carried out must speak to the DSL and follow our local safeguarding procedures.

7.4 If you have concerns about a child (as opposed to believing a child is suffering or likely to suffer from harm, or in immediate danger)

Figure 1 on page 18 illustrates the procedure to follow if you have any concerns about a child's welfare.

Where possible, speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or take advice from local authority children's social care. You can also seek advice at any time from the NSPCC helpline on 0808 800 5000.

Make a referral to local authority children's social care directly, if appropriate (see 'Referral' below). Share any action taken with the DSL as soon as possible.

Early help

If early help is appropriate, the DSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.

The DSL will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed.

Referral

If it is appropriate to refer the case to local authority children's social care or the police, the DSL will make the referral or support you to do so via Enfield Children's Portal.

If you make a referral directly (see section 7.1), you must tell the DSL as soon as possible.

The local authority will make a decision within 1 working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL or person who made the referral must follow up with the local authority if this information is not made available, and ensure outcomes are properly recorded.

If the child's situation does not seem to be improving after the referral, the DSL or person who made the referral must follow local escalation procedures to ensure their concerns have been addressed and that the child's situation improves.

7.5 If you have concerns about extremism

If a child is not suffering or likely to suffer from harm, or in immediate danger, where possible speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or seek advice from local authority children's social care. Make a referral to local authority children's social care directly, if appropriate (see 'Referral' above).

Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include [Channel](#), the government's programme for identifying and supporting individuals at risk of being drawn into terrorism, or the local authority children's social care team.

The Department for Education also has a dedicated telephone helpline, 020 7340 7264, which school staff and governors can call to raise concerns about extremism with respect to a pupil. You can also email counter.extremism@education.gov.uk. Note that this is not for use in emergency situations.

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:

- Think someone is in immediate danger
- Think someone may be planning to travel to join an extremist group
- See or hear something that may be terrorist-related

7.6. Child Sexual Exploitation & Child Criminal Exploitation

Child sexual exploitation (CSE) and Child Criminal Exploitation (CCE) are forms of abuse and both occur where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual or criminal activity. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status and access to economic or other resources. In some cases, the abuse will be in exchange for something the victim needs or wants and/or will be to the financial benefit or other advantage (such as increased status) of the perpetrator or facilitator. The abuse can be perpetrated by individuals or groups, males or females, and children or adults. Victims can be exploited even when activity appears consensual and it should be noted exploitation as well as being physical can be facilitated and/or take place online.

All staff should be aware of indicators that may signal that children are at risk from or involved in CSE or CCE. These may include:

Increased absence from school

A change in friendships or relationships with older individuals or groups

A significant decline in performance

Signs of self-harm or significant change in wellbeing

Signs of assault or unexplained injuries

Unhealthy or inappropriate sexual behaviour

Physical signs of abuse, like bruises or bleeding in their genital or anal area

Unexplained gifts or new possessions could also indicate that children have been approached by or are involved with individuals associated with criminal networks or gangs.

Advice for schools is provided in the Home Office's Preventing youth violence and gang involvement and its Criminal exploitation of children and vulnerable adults: county lines guidance.

In an emergency, call 999 or share your concerns with a DSL who will contact emergency services if:

- Think someone is in immediate danger
- Think someone may be planning to commit a crime or put themselves in danger
- See or hear something that may be gang related

7.7 Concerns about a staff member, agency & supply staff, contractors and volunteers

If you have concerns about a member of staff including agency, supply, contractors or volunteer staff, posing a risk of harm to children, speak to the Headteacher. If the concerns/allegations are about the Headteacher, speak to the Chair of Governors, as outlined in the school's Whistleblowing Policy.

The Headteacher/Chair of Governors will then follow the procedures set out where appropriate.

Where there is an allegation concerning agency, supply, contractors and volunteer staff, reference should be made to 'Keeping Children Safe in Education 2020 Part 4 Managing Allegations.'

7.8 Allegations of abuse made against other pupils (Peer on Peer Abuse)

We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as "banter", "just having a laugh" or "part of growing up".

We also recognise the gendered nature of peer-on-peer abuse (i.e. that it is more likely that girls will be victims and boys perpetrators). However, all peer-on-peer abuse is unacceptable and will be taken seriously.

Most cases of pupils hurting other pupils will be dealt with under our school's behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. These may include where the alleged behaviour is:

- Bullying, including cyber bullying
- Physical abuse. Such as hitting, kicking, shaking, biting and hair pulling or otherwise causing physical harm
- Sexual violence, a person commits an offence of sexual assault if: s/he intentionally touches another person, the touching is sexual, and the person does not consent to the touching
- Sexual harassment such as sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse

- Upskirting, which typically involves taking a picture under a person's clothing without their knowledge or consent, which would cause humiliation, distress or alarm

or

- Is serious, and potentially a criminal offence
- Could put pupils in the school at risk
- Is violent
- Involves pupils being forced to use drugs or alcohol

If a pupil makes an allegation of abuse against another pupil:

- You must record the allegation and tell the DSL, but do not investigate it
- The DSL will contact the local authority children's social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence
- The DSL will put a risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed
- The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate

We will minimise the risk of peer-on-peer abuse by:

- Challenging any form of derogatory or sexualised language or behaviour, including requesting or sending sexual images
- Being vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- Ensuring our curriculum helps to educate pupils about appropriate behaviour and consent
- Ensuring pupils know they can talk to any member of staff confidentially by informative assemblies.
- Ensuring staff are trained to understand that a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy

7.9 Sexting

Your responsibilities when responding to an incident

If you are made aware of an incident involving sexting (also known as 'youth produced sexual imagery'), you must report it to the DSL immediately.

You must **not**:

- View, download or share the imagery yourself, or ask a pupil to share or download it. If you have already viewed the imagery by accident, you must report this to the DSL
- Delete the imagery or ask the pupil to delete it
- Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL's responsibility)
- Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers

- Say or do anything to blame or shame any young people involved

You should explain that you need to report the incident, and reassure the pupil(s) that they will receive support and help from the DSL.

Initial review meeting

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff. This meeting will consider the initial evidence and aim to determine:

- Whether there is an immediate risk to pupil(s)
- If a referral needs to be made to the police and/or children's social care
- If it is necessary to view the imagery in order to safeguard the young person (in most cases, imagery should not be viewed)
- What further information is required to decide on the best response
- Whether the imagery has been shared widely and via what services and/or platforms (this may be unknown)
- Whether immediate action should be taken to delete or remove images from devices or online services
- Any relevant facts about the pupils involved which would influence risk assessment
- If there is a need to contact another school, college, setting or individual
- Whether to contact parents or carers of the pupils involved (in most cases parents should be involved)

The DSL will make an immediate referral to police and/or children's social care if:

- The incident involves an adult
- There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example owing to special educational needs)
- What the DSL knows about the imagery suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- The imagery involves sexual acts and any pupil in the imagery is under 13
- The DSL has reason to believe a pupil is at immediate risk of harm owing to the sharing of the imagery (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the deputy DSLs and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care.

Further review by the DSL

If at the initial review stage a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review.

They will hold interviews with the pupils involved (if appropriate) to establish the facts and assess the risks.

If at any point in the process there is a concern that a pupil has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

Informing parents

The DSL will inform parents at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm.

Referring to the police

If it is necessary to refer an incident to the police, this will be done by dialling 101.

Recording incidents

All sexting incidents and the decisions made in responding to them will be recorded. The record-keeping arrangements set out in section 12 of this policy also apply to recording incidents of sexting.

Curriculum coverage

Pupils are taught about the issues surrounding sexting as part of our PSHE education and computing programmes. Teaching covers the following in relation to sexting:

- What it is
- How it is most likely to be encountered
- The consequences of requesting, forwarding or providing such images, including when it is and is not abusive
- Issues of legality
- The risk of damage to people's feelings and reputation

Pupils also learn the strategies and skills needed to manage:

- Specific requests or pressure to provide (or forward) such images
- The receipt of such images

This policy on sexting is also shared with pupils so they are aware of the processes the school will follow in the event of an incident.

8. Notifying parents

Where appropriate, we will discuss any concerns about a child with the child's parents. The DSL will normally do this in the event of a suspicion or disclosure.

Other staff will only talk to parents about any such concerns following consultation with the DSL.

If we believe that notifying the parents would increase the risk to the child, we will discuss this with the local authority children's social care team before doing so.

In the case of allegations of abuse made against other children, we will normally notify the parents of all the children involved.

9. Pupils with special educational needs and disabilities

We recognise that pupils with special educational needs (SEN) and disabilities can face additional safeguarding challenges. Additional barriers can exist when recognising abuse and neglect in this group, including:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration

- Pupils being more prone to peer group isolation than other pupils
- The potential for pupils with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- Communication barriers and difficulties in overcoming these barriers

We offer extra pastoral support for pupils with SEN and disabilities. This includes our school counsellor, pastoral counsellor and/or learning mentor.

10. Mobile phones and cameras

Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present. Staff members' personal phones will remain in their bags or cupboards during contact time with pupils.

Staff will not take pictures or recordings of pupils on their personal phones or cameras.

We will follow the General Data Protection Regulation and Data Protection Act 2018 when taking and storing photos and recordings for use in the school.

Please refer to the separate 'Online Safety Policy'.

11. Complaints and concerns about school safeguarding policies

All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school's safeguarding regime, and know that such concerns will be taken seriously by the senior leadership team. Appropriate whistle blowing procedures are in place for such concerns to be raised with the school's SLT.

11.1 Complaints and concerns against staff

Complaints against staff (including supply staff and volunteers) that are likely to require a child protection investigation will be handled in accordance with our procedures for dealing with allegations of abuse made against staff.

11.2 Other complaints

The school has a complaints policy, available through the school office or on the school website.

11.3 Whistle-blowing

The school has a whistle-blowing policy, available through the school office or on the school website.

12. Record-keeping

We will hold records in line with our records retention schedule.

All safeguarding concerns, discussions, decisions made and the reasons for those decisions, must be recorded in writing or online. If you are in any doubt about whether to record something, discuss it with the DSL.

Non-confidential records will be easily accessible and available. Confidential information and records will be held securely and only available to those who have a right or professional need to see them.

Safeguarding records relating to individual children will be retained for a reasonable period of time after they have left the school.

If a child for whom the school has, or has had, safeguarding concerns moves to another school, the DSL will ensure that their child protection file is forwarded promptly and securely, and separately from the main pupil file. In addition, if the concerns are significant or complex, and/or social services are involved, the DSL will speak to the DSL of the receiving school and provide information to enable them to have time to make any necessary preparations to ensure the safety of the child.

13. Training

13.1 All staff

All staff members will undertake safeguarding and child protection training at induction, including on whistle-blowing procedures, to ensure they understand the school's safeguarding systems and their responsibilities, and can identify signs of possible abuse or neglect. This training will be regularly updated and will be in line with advice from the 3 safeguarding partners.

All staff will have training on the government's anti-radicalisation strategy, Prevent, to enable them to identify children at risk of being drawn into terrorism and to challenge extremist ideas.

Staff will also receive regular safeguarding and child protection updates (for example, through emails and staff meetings) as required, but at least annually.

Volunteers will receive appropriate training.

13.2 The DSL and deputies

The DSL and deputies will undertake child protection and safeguarding training at least every 2 years. (Further information is included in Appendix 2)

In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through meeting other DSLs, or taking time to read and digest safeguarding developments).

They will also undertake Prevent awareness training.

13.3 Governors

All governors receive training about safeguarding, to make sure they have the knowledge and information needed to perform their functions and understand their responsibilities.

As the chair of governors may be required to act as the 'case manager' in the event that an allegation of abuse is made against the headteacher, they receive training in managing allegations for this purpose.

13.4 Safer Recruitment – interview panels

At least one person conducting any interview for a post at the school will have undertaken safer recruitment training. This will cover, as a minimum, the contents of the Department for Education's statutory guidance, Keeping Children Safe in Education, and will be in line with local safeguarding procedures.

13.5 Staff who have contact with pupils and families

All staff who have contact with vulnerable children and families will be provided with support, coaching and training to promote the interests of children and allow for confidential discussions of sensitive issues.

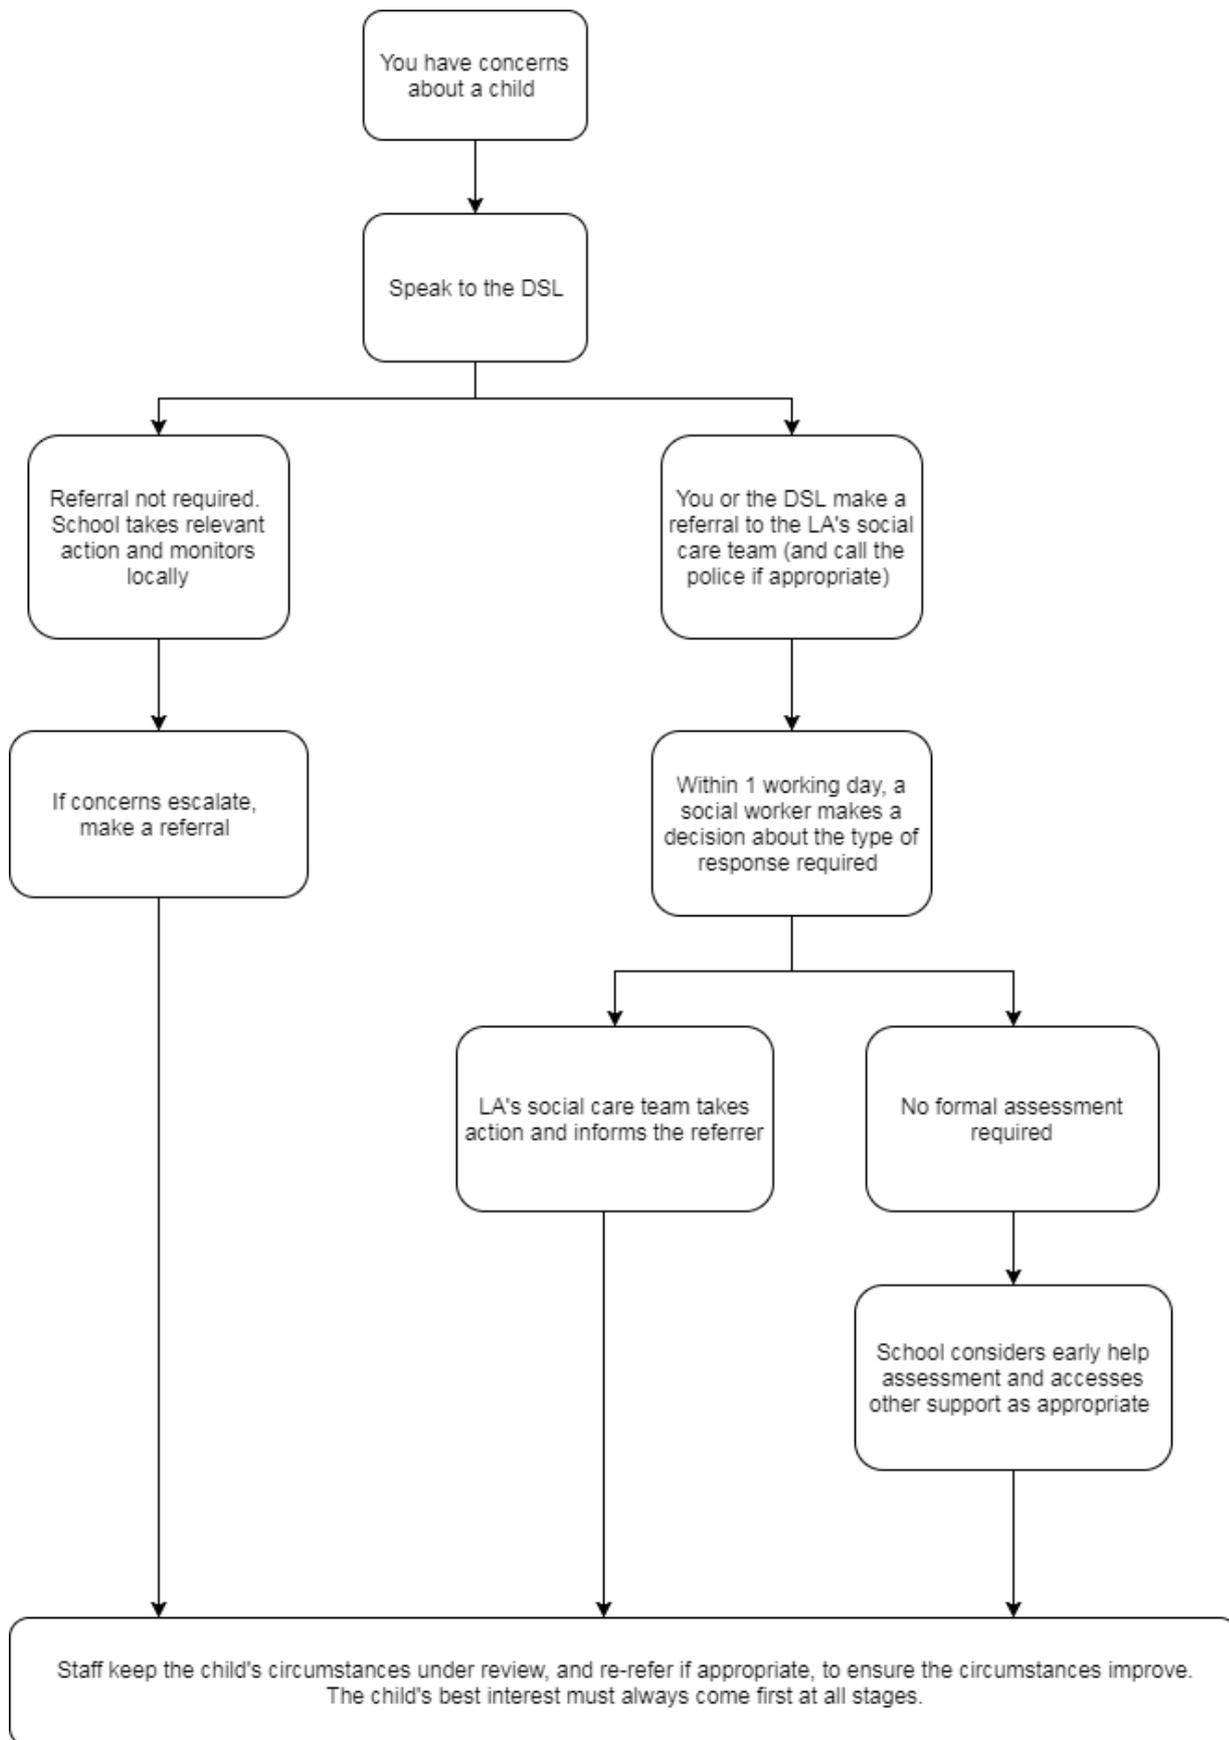

14. Monitoring arrangements

This policy will be reviewed **annually** by Headteacher and SLT. At every review, it will be approved by the full governing board.

15. Links with other policies

This policy links to the following policies and procedures:

- Behaviour
- Anti-Bullying
- Staff code of conduct
- Complaints
- Health and safety
- Attendance
- Online safety
- Equality
- Sex and relationship education
- Medical and Intimate Care
- Curriculum
- Whistleblowing

Appendix 1: Further safeguarding information

As per Part one of this guidance, if staff have any concerns about a child's welfare, they should act on them immediately.

Where a child is suffering, or is likely to suffer from significant harm, it is important that a referral to children's social care (and if appropriate the police) is made immediately.

- Upskirting
- The response to a report of sexual violence or sexual harassment

Children and the court system

Children are sometimes required to give evidence in criminal courts, either for crimes committed against them or for crimes they have witnessed. There are two age appropriate guides to support children [5-11-year olds](#) and [12-17 year olds](#).

The guides explain each step of the process, support and special measures that are available. There are diagrams illustrating the courtroom structure and the use of video links is explained.

Making child arrangements via the family courts following separation can be stressful and entrench conflict in families. This can be stressful for children. The Ministry of Justice has launched an online [child arrangements information tool](#) with clear and

concise information on the dispute resolution service. This may be useful for some parents and carers.

Children missing from education

All staff should be aware that children going missing, particularly repeatedly, can act as a vital warning sign of a range of safeguarding possibilities. This may include abuse and neglect, which may include sexual abuse or exploitation and can also be a sign of child criminal exploitation including involvement in county lines. It may indicate mental health problems, risk of substance abuse, risk of travelling to conflict zones, risk of female genital mutilation or risk of forced marriage. Early intervention is necessary to identify the existence of any underlying safeguarding risk and to help prevent the risks of a child going missing in future. Staff should be aware of their school's or college's unauthorised absence and children missing from education procedures.

Children with family members in prison

Approximately 200,000 children in England and Wales have a parent sent to prison each year. These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. [NICCO](#) provides information designed to support professionals working with offenders and their children, to help mitigate negative consequences for those children.

Child Criminal Exploitation (CCE)

CCE is where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into any criminal activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial or other advantage of the perpetrator or facilitator and/or (c) through violence or the threat of violence.

The victim may have been criminally exploited even if the activity appears consensual. CCE does not always involve physical contact; it can also occur through the use of technology.

CCE can include children being forced to work in cannabis factories, being coerced into moving drugs or money across the country (county lines, see page 85 for more information), forced to shoplift or pickpocket, or to threaten other young people.

Some of the following can be indicators of CCE:

- children who appear with unexplained gifts or new possessions;
- children who associate with other young people involved in exploitation;
- children who suffer from changes in emotional well-being;
- children who misuse drugs and alcohol;
- children who go missing for periods of time or regularly come home late; and
- children who regularly miss school or education or do not take part in education.

Child Sexual Exploitation (CSE)

CSE occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual.

CSE does not always involve physical contact; it can also occur through the use of technology. CSE can affect any child or young person (male or female) under the age of 18 years, including 16 and 17 year olds who can legally consent to have sex. It can include both contact (penetrative and non-penetrative acts) and non-contact sexual activity and may occur without the child or young person's immediate knowledge (e.g. through others copying videos or images they have created and posted on social media).

The above CCE indicators can also be indicators of CSE, as can:

- children who have older boyfriends or girlfriends; and
- children who suffer from sexually transmitted infections or become pregnant.

The department provide: [Child sexual exploitation: guide for practitioners](#)

County lines

County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs (primarily crack cocaine and heroin) into one or more importing areas [within the UK], using dedicated mobile phone lines or other form of "deal line".

Exploitation is an integral part of the county lines offending model with children and vulnerable adults exploited to move [and store] drugs and money. Offenders will often use coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims. Children can be targeted and recruited into county lines in a number of locations including schools, further and higher educational institutions, pupil referral units, special educational needs schools, children's homes and care homes. Children are often recruited to move drugs and money between locations and are known to be exposed to techniques such as 'plugging', where drugs are concealed internally to avoid detection. Children can easily become trapped by this type of exploitation as county lines gangs create drug debts and can threaten serious violence and kidnap towards victims (and their families) if they attempt to leave the county lines network.

One of the ways of identifying potential involvement in county lines are missing episodes (both from home and school), when the victim may have been trafficked for the purpose of transporting drugs and a referral to the National Referral Mechanism¹⁰³ should be considered. If a child is suspected to be at risk of or involved in county lines, a safeguarding referral should be considered alongside consideration of availability of

local services/third sector providers who offer support to victims of county lines exploitation.

Further information on the signs of a child's involvement in county lines is available in guidance published by the [Home Office](#).

Domestic abuse

The cross-government definition of domestic violence and abuse is: any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to: psychological; physical; sexual; financial; and emotional.

All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

Operation Encompass

[Operation Encompass](#) operates in the majority of police forces across England. It helps police and schools work together to provide emotional and practical help to children. The system ensures that when police are called to an incident of domestic abuse, where there are children in the household who have experienced the domestic incident, the police will inform the key adult (usually the designated safeguarding lead) in school before the child or children arrive at school the following day. This ensures that the school has up to date relevant information about the child's circumstances and can enable support to be given to the child according to their needs. Police forces not signed up to operation encompass will have their own arrangements in place.

National Domestic Abuse Helpline

Refuge runs the National Domestic Abuse Helpline, which can be called free of charge and in confidence, 24 hours a day on 0808 2000 247. Its website provides guidance and support for potential victims, as well as those who are worried about friends and loved ones. It also has a form through which a safe time from the team for a call can be booked.

Additional advice on identifying children who are affected by domestic abuse and how they can be helped is available at:

- [NSPCC- UK domestic-abuse Signs Symptoms Effects](#)
- [Refuge what is domestic violence/effects of domestic violence on children](#)
- [SafeLives: young people and domestic abuse.](#)

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. The designated safeguarding lead (and any deputies) should be aware of contact details and referral routes in to the Local Housing Authority so they can raise/progress concerns at the earliest opportunity. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. Whilst referrals and/or discussion with the Local Housing Authority should be progressed as appropriate, and in accordance with local procedures, this does not, and should not, replace a referral into children's social care where a child has been harmed or is at risk of harm.

The Homelessness Reduction Act 2017 places a new legal duty on English councils so that everyone who is homeless or at risk of homelessness will have access to meaningful help including an assessment of their needs and circumstances, the development of a personalised housing plan, and work to help them retain their accommodation or find a new place to live. The following factsheets usefully summarise the new duties: [Homeless Reduction Act Factsheets](#). The new duties shift focus to early intervention and encourage those at risk to seek support as soon as possible, before they are facing a homelessness crisis.

In most cases school and college staff will be considering homelessness in the context of children who live with their families, and intervention will be on that basis. However, it should also be recognised in some cases 16 and 17 year olds could be living independently from their parents or guardians, for example through their exclusion from the family home, and will require a different level of intervention and support. Children's services will be the lead agency for these young people and the designated safeguarding lead (or a deputy) should ensure appropriate referrals are made based on the child's circumstances. The department and the Ministry of Housing, Communities and Local Government have published joint statutory guidance on the provision of accommodation for 16 and 17 year olds who may be homeless and/or require accommodation: [here](#).

So-called 'honour-based' abuse (including Female Genital Mutilation and Forced Marriage)

So-called 'honour-based' abuse (HBA) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving "honour" often involves a wider network of family or community pressure and can include multiple perpetrators. It is important to be aware of this dynamic and additional risk factors when deciding what form of safeguarding action to take. All forms of HBA are abuse (regardless of the motivation) and should be handled and escalated as such. Professionals in all agencies, and individuals and groups in

relevant communities, need to be alert to the possibility of a child being at risk of HBA, or already having suffered HBA.

Actions

If staff have a concern regarding a child that might be at risk of HBA or who has suffered from HBA, they should speak to the designated safeguarding lead (or deputy). As appropriate, they will activate local safeguarding procedures, using existing national and local protocols for multi-agency liaison with police and children's social care. Where FGM has taken place, since 31 October 2015 there has been a mandatory reporting duty placed on **teachers** that requires a different approach (see following section).

FGM

FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences.

FGM mandatory reporting duty for teachers

Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon **teachers** along with regulated health and social care professionals in England and Wales, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases may face disciplinary sanctions. It will be rare for teachers to see visual evidence, and they should **not** be examining pupils or students, but the same definition of what is meant by "to discover that an act of FGM appears to have been carried out" is used for all professionals to whom this mandatory reporting duty applies. Information on when and how to make a report can be found at: [Mandatory reporting of female genital mutilation procedural information](#)

Teachers **must** personally report to the police cases where they discover that an act of FGM appears to have been carried out. Unless the teacher has good reason not to, they should still consider and discuss any such case with the school's or college's designated safeguarding lead (or deputy) and involve children's social care as appropriate. The duty does not apply in relation to at risk or suspected cases (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence) or in cases where the woman is 18 or over. In these cases, teachers should follow local safeguarding procedures. The following is a useful summary of the FGM mandatory reporting duty: [FGM Fact Sheet](#).

¹⁰⁴ Under Section 5B(11)(a) of the Female Genital Mutilation Act 2003, "teacher" means, in relation to England, a person within section 141A(1) of the Education Act 2002 (persons employed or engaged to carry out teaching work at schools and other institutions in England).

¹⁰⁵ Section 5B(6) of the Female Genital Mutilation Act 2003 states teachers need not report a case to the police if they have reason to believe that another teacher has already reported the case.

Forced marriage

Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some perpetrators use perceived cultural practices as a way to coerce a person into marriage. Schools and colleges can play an important role in safeguarding children from forced marriage.

The Forced Marriage Unit has published [statutory guidance](#) and [Multi-agency guidelines](#), pages 35-36 of which focus on the role of schools and colleges. School and college staff can contact the Forced Marriage Unit if they need advice or information: Contact: 020 7008 0151 or email fmufco.gov.uk.

Preventing radicalisation

Children are vulnerable to extremist ideology and radicalisation. Similar to protecting children from other forms of harms and abuse, protecting children from this risk should be a part of a schools' or colleges' safeguarding approach.

- **Extremism** is the vocal or active opposition to our fundamental values, including democracy, the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces.
- **Radicalisation** refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.
- **Terrorism** is an action that endangers or causes serious violence to a person/people; causes serious damage to property; or seriously interferes or disrupts an electronic system. The use or threat **must** be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

¹⁰⁶ As defined in the Government's Counter Extremism Strategy, <https://www.gov.uk/government/publications/counter-extremism-strategy>. ¹⁰⁷ As defined in the Revised Prevent Duty Guidance for England and Wales,

<https://www.gov.uk/government/publications/prevent-duty-guidance/revised-prevent-duty-guidance-for-england-and-wales>.

¹⁰⁸ As defined in the Terrorism Act 2000 (TACT 2000), <http://www.legislation.gov.uk/ukpga/2000/11/contents>

There is no single way of identifying whether a child is likely to be susceptible to an extremist ideology. Background factors combined with specific influences such as family and friends may contribute to a child's vulnerability. Similarly, radicalisation

can occur through many different methods (such as social media or the internet) and settings (such as within the home).

However, it is possible to protect vulnerable people from extremist ideology and intervene to prevent those at risk of radicalisation being radicalised. As with other safeguarding risks, staff should be alert to changes in children's behaviour, which could indicate that they may be in need of help or protection. Staff should use their judgement in identifying children who might be at risk of radicalisation and act proportionately which may include the designated safeguarding lead (or deputy) making a Prevent referral.

The school's or college's designated safeguarding lead (and any deputies) should be aware of local procedures for making a Prevent referral.

The Prevent duty

All schools and colleges are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions, to have "due regard¹⁰⁹ to the need to prevent people from being drawn into terrorism".¹¹⁰ This duty is known as the Prevent duty.

The Prevent duty should be seen as part of schools' and colleges' wider safeguarding obligations. Designated safeguarding leads and other senior leaders should familiarise themselves with the revised [Prevent duty guidance: for England and Wales](#), especially paragraphs 57-76, which are specifically concerned with schools (and also covers childcare). The guidance is set out in terms of four general themes: risk assessment, working in partnership, staff training, and IT policies.

There is additional guidance: [Prevent duty guidance: for further education institutions](#) in England and Wales that applies to colleges.

Channel

Channel is a voluntary, confidential support programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. Prevent referrals may be passed to a multi-agency Channel panel, which will discuss the individual referred to determine whether they are vulnerable to being drawn into terrorism and consider the appropriate support required. A representative from the school or college may be asked to attend the Channel panel to help with this assessment. An individual's engagement with the programme is entirely voluntary at all stages.

Guidance on Channel is available at: [Channel guidance](#).

¹⁰⁹ According to the Prevent duty guidance 'having due regard' means that the authorities should place an appropriate amount of weight on the need to prevent people being drawn into terrorism when they consider all the other factors relevant to how they carry out their usual functions.

¹¹⁰ "Terrorism" for these purposes has the same meaning as for the Terrorism Act 2000 (section 1(1) to (4) of that Act).

Additional support

The department has published further advice for schools on the [Prevent duty](#). The advice is intended to complement the Prevent guidance and signposts to other sources of advice and support.

The Home Office has developed three e-learning modules:

- [Prevent awareness e-learning](#) offers an introduction to the Prevent duty.
- [Prevent referrals e-learning](#) supports staff to make Prevent referrals that are **robust, informed** and with **good intention**.
- [Channel awareness e-learning](#) is aimed at staff who may be asked to contribute to or sit on a multi-agency Channel panel.

[Educate Against Hate](#), is a government website designed to support school teachers and leaders to help them safeguard their students from radicalisation and extremism. The platform provides free information and resources to help school staff identify and address the risks, as well as build resilience to radicalisation.

For advice specific to further education, the Education and Training Foundation (ETF) hosts the [Prevent for FE and Training](#). This hosts a range of free, sector specific resources to support further education settings comply with the Prevent duty. This includes the Prevent Awareness e-learning, which offers an introduction to the duty, and the Prevent Referral e-learning, which is designed to support staff to make robust, informed and proportionate referrals.

The ETF Online Learning environment provides online training modules for practitioners, leaders and managers, support staff and governors/Board members outlining their roles and responsibilities under the duty.

Peer on peer/ child on child abuse

Children can abuse other children. This is generally referred to as peer on peer abuse and can take many forms. This can include (but is not limited to): abuse within intimate partner relationships; bullying (including cyberbullying); sexual violence and sexual harassment; physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm; sexting and initiation/hazing type violence and rituals.

Sexual violence and sexual harassment between children in schools and colleges

Context

Sexual violence and sexual harassment can occur between two children of **any** age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment. Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and offline (both physical and verbal) and are never acceptable. It is important that **all** victims are taken seriously and offered appropriate support. Staff should be aware that some groups are potentially more at risk. Evidence shows girls, children with SEND and LGBT children are at greater risk.

Staff should be aware of the importance of:

- making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up;
- not tolerating or dismissing sexual violence or sexual harassment as “banter”, “part of growing up”, “just having a laugh” or “boys being boys”; and
- challenging behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them.

What is sexual violence and sexual harassment?

Sexual violence

It is important that school and college staff are aware of sexual violence and the fact children can, and sometimes do, abuse their peers in this way. When referring to sexual violence we are referring to sexual violence offences under the Sexual Offences Act 2003 as described below:

Rape: A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.

Assault by Penetration: A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.

Sexual Assault: A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.

What is consent?¹¹² Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g. to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.¹¹³

Sexual harassment

When referring to sexual harassment we mean ‘unwanted conduct of a sexual nature’ that can occur online and offline. When we reference sexual harassment, we do so in the context of child on child sexual harassment. Sexual harassment is likely to: violate a child’s dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment.

Whilst not intended to be an exhaustive list, sexual harassment can include:

- sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names;
- sexual “jokes” or taunting;
- physical behaviour, such as: deliberately brushing against someone, interfering with someone’s clothes (schools and colleges should be considering when any of this crosses a line into sexual violence - it is important to talk to and consider the experience of the victim) and displaying pictures, photos or drawings of a sexual nature; and
- online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence.¹¹⁴ It may include:

¹¹² It is important school and college staff (and especially designated safeguarding leads and their deputies) understand consent. This will be especially important if a child is reporting they have been raped. More information: [here](#).

¹¹³ [PSHE Teaching about consent](#) from the PSHE association provides advice and lesson plans to teach consent at Key stage 3 and 4.

¹¹⁴ [Project deSHAME](#) from Childnet provides useful research, advice and resources regarding online sexual harassment.

- non-consensual sharing of sexual images and videos; sexualised online bullying;
- unwanted sexual comments and messages, including, on social media; sexual exploitation; coercion and threats; and
- upskirting.

Upskirting¹¹⁵

The Voyeurism (Offences) Act, which is commonly known as the Upskirting Act, came into force on 12 April 2019. ‘Upskirting’ is where someone takes a picture under a person’s clothing (not necessarily a skirt) without their permission and or knowledge, with the intention of viewing their genitals or buttocks (with or without underwear) to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is a criminal offence. Anyone of any gender, can be a victim.

The response to a report of sexual violence or sexual harassment

The initial response to a report from a child is important. It is essential that all victims are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report.

If staff have a concern about a child or a child makes a report to them, they should follow the referral process as set out from paragraph 41 in Part one of this guidance. As is always the case, if staff are in any doubt as to what to do they should speak to the designated safeguarding lead (or a deputy).

Appendix 2: Role of the designated safeguarding lead

Governing bodies, proprietors and management committees should ensure an appropriate **senior member** of staff, from the school or college **leadership team**, is appointed to the role of designated safeguarding lead.¹¹⁶ The designated safeguarding lead should take **lead responsibility** for safeguarding and child protection (including online safety). This should be explicit in the role holder's job description. This person should have the appropriate status and authority within the school to carry out the duties of the post. They should be given the time, funding, training, resources and support to provide advice and support to other staff on child welfare and child protection matters, to take part in strategy discussions and inter-agency meetings, and/or to support other staff to do so, and to contribute to the assessment of children.

Deputy designated safeguarding leads

It is a matter for individual schools and colleges as to whether they choose to have one or more deputy designated safeguarding leads. Any deputies should be trained to the same standard as the designated safeguarding lead and the role should be explicit in their job description. Whilst the activities of the designated safeguarding lead can be delegated to appropriately trained deputies, the ultimate **lead**

responsibility for child protection, as set out above, remains with the designated safeguarding lead, this **lead responsibility** should not be delegated.

Manage referrals

The designated safeguarding lead is expected to:

- refer cases of suspected abuse to the local authority children's social care as required;
- support staff who make referrals to local authority children's social care;
- refer cases to the Channel programme where there is a radicalisation concern as required;
- support staff who make referrals to the Channel programme;
- refer cases where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service as required; and
- refer cases where a crime may have been committed to the Police as required.

Work with others

The designated safeguarding lead is expected to:

- act as a point of contact with the three safeguarding partners;
- liaise with the headteacher or principal to inform him or her of issues- especially ongoing enquiries under section 47 of the Children Act 1989 and police investigations;
- as required, liaise with the "case manager" (as per Part four) and the designated officer(s) at the local authority for child protection concerns in cases which concern a staff member;
- liaise with staff (especially pastoral support staff, school nurses, IT Technicians, and SENCOs, or the named person with oversight for SEN in a college and Senior Mental Health Leads) on matters of safety and safeguarding (including online and digital safety) and when deciding whether to make a referral by liaising with relevant agencies; and
- act as a source of support, advice and expertise for all staff.

Training

The designated safeguarding lead (and any deputies) should undergo training to provide them with the knowledge and skills required to carry out the role. This training should be updated at least every two years. The designated safeguarding lead should undertake Prevent awareness training. Training should provide designated safeguarding leads with a good understanding of their own role, and the processes, procedures and responsibilities of other agencies, particularly children's social care, so they:

- understand the assessment process for providing early help and statutory intervention, including local criteria for action and local authority children's social care referral arrangements.

- have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so;
- ensure each member of staff has access to, and understands, the school's or college's child protection policy and procedures, especially new and part time staff;
- are alert to the specific needs of children in need, those with special educational needs and young carers;¹¹⁸
- understand relevant data protection legislation and regulations, especially the Data Protection Act 2018 and the General Data Protection Regulation;
- understand the importance of information sharing, both within the school and college, and with the three safeguarding partners, other agencies, organisations and practitioners;
- are able to keep detailed, accurate, secure written records of concerns and referrals;
- understand and support the school or college with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation;
- are able to understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school or college;
- can recognise the additional risks that children with SEN and disabilities (SEND) face online, for example, from online bullying, grooming and radicalisation and are confident they have the capability to support SEND children to stay safe online;
- obtain access to resources and attend any relevant or refresher training courses; and
- encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school or college may put in place to protect them.

¹¹⁸ Section 17(10) Children Act 1989: those unlikely to achieve a reasonable standard of health and development without local authority services, those whose health and development is likely to be significantly impaired without the provision of such services, or disabled children.

In addition to the formal training set out above, their knowledge and skills should be refreshed (this might be via e-bulletins, meeting other designated safeguarding leads, or simply taking time to read and digest safeguarding developments) at regular intervals, as required, and at least annually, to allow them to understand and keep up with any developments relevant to their role.

Raise Awareness

The designated safeguarding lead should:

- ensure the school's or college's child protection policies are known, understood and used appropriately;
- ensure the school's or college's child protection policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors regarding this;
- ensure the child protection policy is available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school or college in this; and
- link with the safeguarding partner arrangements to make sure staff are aware of any training opportunities and the latest local policies on local safeguarding arrangements.
- help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced, with teachers and school and college leadership staff. Their role could include ensuring that the school or college, and their staff, know who these children are, understand their academic progress and attainment and maintain a culture of high aspirations for this cohort; supporting teaching staff to identify the challenges that children in this group might face and the additional academic support and adjustments that they could make to best support these children.

Child protection file

Where children leave the school or college (including for in-year transfers) the designated safeguarding lead should ensure their child protection file is transferred to the new school or college as soon as possible. This should be transferred separately from the main pupil file, ensuring secure transit, and confirmation of receipt should be obtained. Receiving schools and colleges should ensure key staff such as designated safeguarding leads and SENCOs or the named person with oversight for SEN in colleges, are aware as required.

In addition to the child protection file, the designated safeguarding lead should also consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives.

Availability

During term time the designated safeguarding lead (or a deputy) should always be available (during school or college hours) for staff in the school or college to discuss any safeguarding concerns. Whilst generally speaking the designated safeguarding lead (or deputy) would be expected to be available in person, it is a matter for individual schools and colleges, working with the designated safeguarding lead, to define what "available" means and whether in exceptional

circumstances availability via phone and or Skype or other such media is acceptable.

It is a matter for individual schools and colleges and the designated safeguarding lead to arrange adequate and appropriate cover arrangements for any out of hours/out of term activities.

Appendix 3: Online safety – Also see School’s Online Safety Policy

The use of technology has become a significant component of many safeguarding issues. Child sexual exploitation; radicalisation; sexual predation: technology often provides the platform that facilitates harm. An effective approach to online safety empowers a school or college to protect and educate the whole school or college community in their use of technology and establishes mechanisms to identify, intervene in, and escalate any incident where appropriate.

The breadth of issues classified within online safety is considerable, but can be categorised into three areas of risk:

- **content:** being exposed to illegal, inappropriate or harmful material; for example pornography, fake news, racist or radical and extremist views;
- **contact:** being subjected to harmful online interaction with other users; for example commercial advertising as well as adults posing as children or young adults; and
- **conduct:** personal online behaviour that increases the likelihood of, or causes, harm; for example making, sending and receiving explicit images, or online bullying.

Education

Opportunities to teach safeguarding, including online safety, are discussed at paragraph 93-95. Resources that could support schools and colleges include:

- [Be Internet Legends](#) developed by Parent Zone and Google is a free internet safety curriculum with PSHE accredited lesson plans and teaching resources for Key Stage 2 pupils
- [Disrespectnobody](#) is Home Office advice and includes resources on healthy relationships, including sexting and pornography
- [Education for a connected world framework](#) from the UK Council for Internet Safety supports the development of the curriculum and is of particular relevance to RSHE education and Computing. It is designed, however, to be usable across the curriculum and beyond (covering early years through to age 18) and to be central to a whole school or college approach to safeguarding and online safety.
- [PSHE association](#) provides guidance to schools on developing their PSHE curriculum

- [Teaching online safety in school](#) is departmental guidance outlining how schools can ensure their pupils understand how to stay safe and behave online as part of existing curriculum requirements
- [Thinkuknow](#) is the National Crime Agency/CEOPs education programme with age specific resources
- [UK Safer Internet Centre](#) developed guidance and resources that can help with the teaching of the online safety component of the Computing Curriculum.

Protecting children

Governing bodies and proprietors should be doing all that they reasonably can to limit children’s exposure to the above risks from the school’s or college’s IT system. As part of this process, governing bodies and proprietors should ensure their school or college has appropriate filters and monitoring systems in place.

Whilst considering their responsibility to safeguard and promote the welfare of children, and provide them with a safe environment in which to learn, governing bodies and proprietors should consider the age range of their pupils, the number of pupils, how often they access the IT system and the proportionality of costs vs risks.

The appropriateness of any filters and monitoring systems are a matter for individual schools and colleges and will be informed in part, by the risk assessment required by the Prevent Duty.¹¹⁹ The UK Safer Internet Centre has published guidance as to what “appropriate” filtering and monitoring might look like: [UK Safer Internet Centre: appropriate filtering and monitoring](#).

Guidance on e-security is available from the [National Education Network](#). Support for schools is available via the: [schools' buying strategy](#) with specific advice on procurement here: [buying for schools](#).

Whilst filtering and monitoring is an important part of the online safety picture for schools and colleges to consider, it is only one part. Governors and proprietors should consider a whole school or college approach to online safety. This will include a clear policy on the use of mobile technology in the school or college. Many children have unlimited and unrestricted access to the internet via 3G, 4G and 5G in particular and the school and college should carefully consider how this is managed on their premises.

Whilst it is essential that governing bodies and proprietors ensure that appropriate filters and monitoring systems are in place, they should be careful that “over blocking” does not lead to unreasonable restrictions as to what children can be taught with regard to online teaching and safeguarding.

¹¹⁹ [The Prevent duty Departmental advice for schools and childcare providers](#) and [Prevent Duty Guidance For Further Education Institutions](#)

Reviewing online safety

Technology in this area evolves and changes rapidly. UKCIS has published [Online safety in schools and colleges: Questions for the governing board](#) to help responsible bodies assure themselves that their online safety arrangements are effective.

Education at home

Where children are being asked to learn online at home the department has provided advice to support schools and colleges do so safely: [safeguarding-in-schools-colleges-and-other-providers](#) and [safeguarding-and-remote-education](#)

Staff training

Governors and proprietors should ensure that, as part of the requirement for staff to undergo regularly updated safeguarding training (paragraph 89) and the requirement to ensure children are taught about safeguarding, including online safety (paragraph 93), that online safety training for staff is integrated, aligned and considered as part of the overarching safeguarding approach.

Advice for governing bodies/proprietors and senior leaders

- [Childnet](#) provide guidance for schools on cyberbullying
- [Educateagainsthate](#) provides practical advice and support on protecting children from extremism and radicalisation
- [London Grid for Learning](#) provides advice on all aspects of a school or college's online safety arrangements
- [NSPCC](#) provides advice on all aspects of a school or college's online safety arrangements
- [Safer recruitment consortium](#) "guidance for safe working practice", which may help ensure staff behaviour policies are robust and effective
- [Searching screening and confiscation](#) is departmental advice for schools on searching children and confiscating items such as mobile phones
- [South West Grid for Learning](#) provides advice on all aspects of a school or college's online safety arrangements
- [Use of social media for online radicalisation](#) - A briefing note for schools on how social media is used to encourage travel to Syria and Iraq
- UK Council for Internet Safety have provided advice on [sexting-in-schools-and-colleges](#) and [using-external-visitors-to-support-online-safety-education](#)

Remote education, virtual lessons and live streaming

- [Case studies](#) on remote education practice are available for schools to learn from each other
- [Departmental guidance on safeguarding and remote education](#) including planning remote education strategies and teaching remotely
- [London Grid for Learning](#) guidance, including platform specific advice

- [National cyber security centre](#) guidance on choosing, configuring and deploying video conferencing
- [National cyber security centre](#) guidance on how to set up and use video conferencing
- [UK Safer Internet Centre](#) guidance on safe remote learning

Support for children

- [Childline](#) for free and confidential advice
- [UK Safer Internet Centre](#) to report and remove harmful online content
- [CEOP](#) for advice on making a report about online abuse

Parental support

- [Childnet](#) offers a toolkit to support parents and carers of children of any age to start discussions about their online life, to set boundaries around online behaviour and technology use, and to find out where to get more help and support
- [Commonsensemedia](#) provide independent reviews, age ratings, & other information about all types of media for children and their parents
- [Government advice](#) about protecting children from specific online harms such as child sexual abuse, sexting, and cyberbullying
- [Government advice](#) about security and privacy settings, blocking unsuitable content, and parental controls
- [Internet Matters](#) provide age-specific online safety checklists, guides on how to set parental controls on a range of devices, and a host of practical tips to help children get the most out of their digital world
- [Let's Talk About It](#) provides advice for parents and carers to keep children safe from online radicalisation
- [London Grid for Learning](#) provides support for parents and carers to keep their children safe online, including tips to keep primary aged children safe online
- [Lucy Faithfull Foundation StopItNow](#) resource can be used by parents and carers who are concerned about someone's behaviour, including children who may be displaying concerning sexual behaviour (not just about online)
- [National Crime Agency/CEOP Thinkuknow](#) provides support for parents and carers to keep their children safe online
- [Net-aware](#) provides support for parents and carers from the NSPCC and O2, including a guide to social networks, apps and games
- [Parentzone](#) provides help for parents and carers on how to keep their children safe online

- [Parent info](#) from Parentzone and the National Crime Agency provides support and guidance for parents from leading experts and organisations
- [UK Safer Internet Centre](#) provide tips, advice, guides and other resources to help keep children safe online

Appendix 4: Disclosure and Barring Service checks

These are the types of checks available to those working with children:

Type of check	What the check involves	Positions eligible for this level of check
Standard check	Check of the Police National Computer records of convictions, cautions, reprimands and warnings.	The position being applied for must be covered by an exempted question in the Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975.
Enhanced check	Check of the Police National Computer records plus additional information held by police such as interviews and allegations. Additional information will only be disclosed where a chief police officer reasonably believes it to be relevant and considers that it ought to be disclosed.	The position being applied for must be covered by an exempted question in the Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975 and by provisions in the Police Act 1997 (Criminal Records) Regulations 2002.*
Enhanced criminal record check with children's and/or adult's barred list information	Check of the Police National Computer records plus additional information held by police plus check of the DBS Children's Barred List plus check of the DBS Adults' Barred List.	The position must be eligible for an enhanced level criminal record check as above and be for a purpose listed in the Police Act 1997 (Criminal Records) (No2) Regulations 2009 as qualifying for a barred list(s) check.

*This legislation does not provide a list of job roles that are eligible for this check – such a list does not exist. Instead, the Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975 sets out the 'exempted questions' for which a standard check can be obtained. Similarly, the Police Act 1997 (Criminal Records) Regulations 2002 set out the purposes for which an enhanced check can be obtained, and the Police Act 1997 (Criminal Records) (No 2)

Regulations 2009 list the circumstances in which an enhanced check will automatically include a barred list check. It is important to note that the Regulations can also remove roles, duties or activities through the removal of an exempted question or of a particular purpose. The Rehabilitation of Offenders Act 1974

(Exceptions) Order 1975, the Police Act 1997 (Criminal Records) Regulations 2002 and the Police Act 1997 (Criminal Records) (No 2) Regulations 2009 can all be found on the [legislation website](#).

Any individual (including an applicant for a job which does not involve working with children) can be asked to apply for a basic criminal record check. This will show only unspent convictions and cautions. This service is currently provided via the Disclosure and Barring Service. Further details can be found on [gov.uk](#).

Appendix 5: Table of substantive changes from KSCIE September 2019

Where	What
Summary	About the guidance
What is the status of this guidance?	New paragraph added about Coronavirus (Covid-19) pandemic and supplementary guidance
About this guidance	Link added to - https://www.gov.uk/government/publications/covid-19-safeguarding-in-schools-colleges-and-other-providers
Who is this guidance for?	Added an explanatory paragraph about the revisions for 2020 and the rationale behind them
Part one	Safeguarding information for all staff
Paragraph 4	Text added to make it clear that both mental and physical health are relevant to safeguarding and the welfare of children
Paragraph 21	Updates and moves contextual safeguarding paragraph (paragraph 32 KCSIE 2019)
Paragraphs 28	New paragraph to provide staff with information about child criminal exploitation and child sexual exploitation
Paragraphs 34-38	New paragraphs on mental health to help staff make the link between mental health concerns and safeguarding issues and signpost guidance
Paragraph 56	Added reference to make it explicitly clear that this also applies to supply staff
Part two	The management of safeguarding
Paragraphs 70	Added link to recently published “when to call the police guidance” from the NPCC
Multi-agency working (74-78)	Changes to reflect that the new safeguarding partner arrangements should now be in place
Paragraph 84	Updated to provide further clarification about GDPR and withholding information

Paragraph 86	New data protection tool kit added
Paragraph 92	Updated to make clear that additional information is available in Annex C on how to support keeping children safe online when they are learning at home
Paragraph 94	Updated to reflect mandatory RSHE from September 2020, and added additional links to further advice and guidance
Paragraphs 96-98	Updated to reflect changes to Ofsted guidance
Paragraphs 101-102	Revised to make clear that schools and colleges should have processes in place to manage all concerns about staff, and in addition follow the guidance in Part four where a concern includes an allegation that might meet the harm threshold
Children potentially at greater risk of harm 109-112	Updated to reflect the needs of children with a social worker and supporting DSLs and schools to be able to best support these children to do well, in line with the evidence from the children in need review
Children requiring mental health support 113-116	New section to raise profile and encourage schools and colleges to make the link between mental health and safeguarding
Part three	Safer recruitment
Part three	No Change
Part four	Allegations of abuse made against teachers, including supply teachers, other staff, volunteers and contractors
Paragraph 211	Added a fourth bullet point under the behaviours which covers where an individual has behaved or may have behaved in a way that indicates they may not be suitable to work with children. The reason is because of transferrable risk. Where a member of staff or volunteer is involved in an incident outside of school/college which did not involve children but could have an impact on their suitability to work with children. For example, a member of staff is involved in domestic violence at home. No children were involved, but schools/colleges need to consider what
	triggered these actions and could a child in the school trigger the same reaction, therefore being put at risk
Supply Teachers (214-217)	Added further guidance as to how schools and colleges should ensure allegations against supply teachers are handled

Part five	Child on child sexual violence and sexual harassment
Part five	No change
Annex A	Further information
Child Criminal Exploitation (CCE)	Updated and additional information provided
Child Sexual Exploitation (CSE)	Updated and additional information provided
County Lines	Updated and additional information provided
Domestic abuse	Made clear domestic abuse can impact on children when they witness it at home and/or suffer it in an intimate personal relationship and signposted additional information and support
Honour-based abuse	Wording changed from 'violence' to 'abuse' to recognise non-violent forms of abuse
Preventing radicalisation	Additional information provided on what terrorism looks like and more information on Channel
Upskirting	Updated and additional information provided
Annex B	Designated Safeguarding Lead
Annex B	Added helpful advice for designated safeguarding leads on the needs of children with a social worker and suggestions for actions that could be taken to promote these children's educational outcomes
Annex C	Online safety
Information and support	Reformatted to improve accessibility Added additional links

COVID-19 school closure arrangements for Safeguarding and Child Protection

Context

From 20th March 2020 parents were asked to keep their children at home, wherever possible, and for schools to remain open only for those children of workers critical to the COVID-19 response - who absolutely need to attend.

Schools and all childcare providers were asked to provide care for a limited number of children - children who are vulnerable, and children whose parents are critical to the COVID-19 response and cannot be safely cared for at home.

This addendum of the St John and St James C of E Primary School Safeguarding, and Child Protection policy contains details of our individual safeguarding arrangements in the following areas:

Key contacts

Role	Name	Contact number	Email
Designated Safeguarding Lead/ HT	Patricia Cuncarr	07894106888	headteacher@stjohnandjames.enfield.sch.uk
Deputy Designated Safeguarding Lead	Jo Nagle	07961843160	jinagle@stjohnandjames.enfield.sch.uk
Chair of Governors	Carmel Fox	07920065198	carmel@foxlangan.co.uk

Vulnerable children

Vulnerable children include those who have a social worker and those children and young people up to the age of 25 with education, health and care (EHC) plans.

Those who have a social worker include children who have a Child Protection Plan and those who are looked after by the Local Authority. A child may also be deemed to be vulnerable if they have been assessed as being in need or otherwise meet the definition in section 17 of the Children Act 1989.

Those with an EHC plan will be risk-assessed in consultation with the Local Authority and parents, to decide whether they need to continue to be offered a school or college place in order to meet their needs, or whether they can safely have their needs met at home. This could include, if necessary, carers, therapists or clinicians visiting the home to provide any essential services. Many children and young people with EHC plans can safely remain at home.

Eligibility for free school meals in and of itself should not be the determining factor in assessing vulnerability.

Senior leaders, especially the Designated Safeguarding Lead (and deputies) know who our most vulnerable children are. They have the flexibility to offer a place to those on the edge of receiving children's social care support.

St John and St James will continue to work with and support children's social workers to help protect vulnerable children. This includes working with and supporting children's social workers and the local authority virtual school head (VSH) for looked-after and previously looked after children. The lead person for this will be Jo Nagle.

There is an expectation that vulnerable children who have a social worker will attend an education setting, so long as they do not have underlying health conditions that put them at risk. In circumstances where a parent does not want to bring their child to an education setting, and their child is considered vulnerable, the social worker and St John and St James will explore the reasons for this directly with the parent.

Where parents are concerned about the risk of the child contracting COVID19, St John and St James or the social worker will talk through these anxieties with the parent/carer following the advice set out by Public Health England.

St John and St James will encourage our vulnerable children and young people to attend a school, including remotely if needed.

Attendance monitoring

Local authorities and education settings do not need to complete their usual day-to-day attendance processes to follow up on non-attendance.

St John and St James and social workers will agree with parents/carers whether children in need should be attending school. The school will then follow up on any pupil that they were expecting to attend, who does not. The school will also follow up with any parent or carer who has arranged care for their child(ren) and the child(ren) subsequently do not attend.

To support the above, St John and St James will, when communicating with parents/carers and carers, confirm emergency contact numbers are correct and ask for any additional emergency contact numbers where they are available.

In all circumstances where a vulnerable child does not take up their place at school, or discontinues, the school will notify their social worker.

Designated Safeguarding Lead

St John and St James C of E Primary School has a Designated Safeguarding Lead (DSL) and a Deputy DSL.

The Designated Safeguarding Lead is: Patricia Cuncarr

The Deputy Designated Safeguarding Leads are: Jo Nagle & Jessica Williams

The optimal scenario is to have a trained DSL (or deputy) available on site. Where this is not the case a trained DSL (or deputy) will be available to be contacted via phone or online video - for example when working from home.

Where a trained DSL (or deputy) is not on site, in addition to the above, a senior leader will assume responsibility for co-ordinating safeguarding on site.

This might include updating and managing access to child protection online management system, My Concern and liaising with the offsite DSL (or deputy) and as required liaising with children's social workers where they require access to children in need and/or to carry out statutory assessments at the school or college.

All staff and volunteers will have access to a trained DSL (or deputy). All staff will be made aware of who the DSL or Deputy DSL's are and how to speak to them.

The DSL or Deputy DSL's will continue to engage with social workers, and attend all multi-agency meetings, which can be done remotely.

Reporting a concern

Where staff have a concern about a child, they should continue to follow the process outlined in the school Safeguarding Policy, this includes making a report via My Concern, which can be done remotely.

In the unlikely event that a member of staff cannot access their My Concern from home, they should email the Designated Safeguarding Lead, Deputy Designated Safeguarding Leads or the Headteacher. This will ensure that the concern is received.

Staff have been reminded of the need to report any concern immediately and without delay.

Where staff are concerned about an adult working with children in the school, they should report the concern to the headteacher immediately. If there is a requirement to make a notification to the headteacher whilst away from school, this should be done verbally and followed up with an email to the headteacher.

Concerns around the Headteacher should be directed to the Chair of Governors: Carmel Fox.

Safeguarding Training and induction

DSL training is very unlikely to take place whilst there remains a threat of the COVID 19 virus.

For the period COVID-19 measures are in place, a DSL (or deputy) who has been trained will continue to be classed as a trained DSL (or deputy) even if they miss their refresher training. All booked training will be rescheduled for the Autumn term 2020.

All existing school staff have had safeguarding training and have read part 1 of Keeping Children Safe in Education (2019). The DSL should communicate with staff any new local arrangements, so they know what to do if they are worried about a child. These meetings should take place remotely and be recorded in the usual way.

Where new staff are recruited, or new volunteers enter St John and St James, they will continue to be provided with a safeguarding induction.

If staff are deployed from another education or children's workforce setting to our school, we will take into account the DfE supplementary guidance on safeguarding children during the COVID-19 pandemic and will accept portability as long as the current employer confirms in writing that:-

- the individual has been subject to an enhanced DBS and children's barred list check
- there are no known concerns about the individual's suitability to work with children
- there is no ongoing disciplinary investigation relating to that individual

Safer recruitment/volunteers and movement of staff

It remains essential that people who are unsuitable are not allowed to enter the children's workforce or gain access to children. When recruiting new staff, St John and St James will continue to follow the relevant safer recruitment processes for their setting, including, as appropriate, relevant sections in part 3 of Keeping Children Safe in Education (2019) (KCSIE). In response to COVID-19, the Disclosure and Barring Service (DBS) has made changes to its guidance on standard and enhanced DBS ID checking to minimise the need for face-to-face contact.

Where St John and St James are utilising volunteers, we will continue to follow the checking and risk assessment process as set out in paragraphs 167 to 172 of KCSIE. Under no circumstances will a volunteer who has not been checked be left unsupervised or allowed to work in regulated activity.

St John and St James will continue to follow the legal duty to refer to the DBS anyone who has harmed or poses a risk of harm to a child or vulnerable adult. Full details can be found at paragraph 163 of KCSIE.

St John and St James will continue to consider and make referrals to the Teaching Regulation Agency (TRA) as per paragraph 166 of KCSIE and the TRA's 'Teacher misconduct advice for making a referral.

During the COVID-19 period all referrals should be made by emailing Misconduct.Teacher@education.gov.uk

Whilst acknowledging the challenge of the current National emergency, it is essential from a safeguarding perspective that any school is aware, on any given day, which staff/volunteers will be in the school or college, and that appropriate checks have been carried out, especially for anyone engaging in regulated activity. As such St John and St James will continue to keep the single central record (SCR) up to date as outlined in paragraphs 148 to 156 in KCSIE.

Online safety in schools and colleges

St John and St James will continue to provide a safe environment, including online. This includes the use of an online filtering system.

Where students are using computers in school, appropriate supervision will be in place.

Please refer to Online Teaching and Learning Safety Policy, updated 2.4.20.

Children and online safety away from school and college

It is important that all staff who interact with children, including online, continue to look out for signs a child may be at risk. Any such concerns should be dealt with as per the Child Protection Policy and where appropriate referrals should still be made to children's social care and as required, the police.

St John and St James will ensure any use of online learning tools and systems is in line with privacy and data protection/GDPR requirements.

Below are some things to consider when delivering virtual lessons, especially where webcams are involved:

- No 1:1s, groups only
- Staff and children must wear suitable clothing, as should anyone else in the household.
- Any computers used should be in appropriate areas, for example, not in bedrooms; and the background should be blurred.
- The live class should be recorded so that if any issues were to arise, the video can be reviewed.
- Live classes should be kept to a reasonable length of time, or the streaming may prevent the family 'getting on' with their day.
- Language must be professional and appropriate, including any family members in the background.
- Staff should record, the length, time, date and attendance of any sessions held.

Further guidance in Online Teaching and Learning Safety Policy, updated 2.4.20.

Supporting children not in school

St John and St James is committed to ensuring the safety and wellbeing of all its Children and Young people.

Where the DSL or Deputy DSL's have identified a child to be on the edge of social care support, or who would normally receive pastoral-type support in school, they should ensure that a robust communication plan is in place for that child or young person.

Details of this plan must be recorded on My Concern, as should a record of contact have made.

The communication plans can include; remote contact, phone contact, door-step visits. Other individualised contact methods should be considered and recorded.

St John and St James and its DSL will work closely with all stakeholders to maximise the effectiveness of any communication plan.

This plan must be reviewed regularly (at least once a fortnight) and where concerns arise, the DSL/Deputy DSL's will consider any referrals as appropriate.

The school will share safeguarding messages on its website and social media pages.

St John and St James recognises that school is a protective factor for children and young people, and the current circumstances, can affect the mental health of pupils and their parents/carers. Teachers at St John and St James need to be aware of this in setting expectations of pupils' work where they are at home.

St John and St James will ensure that where we care for children of critical workers and vulnerable children on site, we ensure appropriate support is in place for them. This will be bespoke to each child and recorded on My Concern.

Supporting children in school

St John and St James is committed to ensuring the safety and wellbeing of all its students.

St John and St James will continue to be a safe space for all children to attend and flourish. The Headteacher will ensure that appropriate staff are on site and staff to pupil ratio numbers are appropriate, to maximise safety.

St John and St James will refer to the Government guidance for education and childcare settings on how to implement social distancing and continue to follow the advice from Public Health England on handwashing and other measures to limit the risk of spread of COVID19.

St John and St James will ensure that where we care for children of critical workers and vulnerable children on site, we ensure appropriate support is in place for them. This will be bespoke to each child and recorded on My Concern.

Peer on Peer Abuse

St John and St James recognises that during the closure a revised process may be required for managing any report of such abuse and supporting victims.

Where a school receives a report of peer on peer abuse, they will follow the principles as set out in part 5 of KCSIE and of those outlined within of the Child Protection Policy.

The school will listen and work with the young person, parents/carers and any multi-agency partner required to ensure the safety and security of that young person.

Concerns and actions must be recorded on My Concern and appropriate referrals made.

This includes, remotely accessing Child Protection files for the purpose of quality assurance, support, guidance and direction.

The Headteacher will also provide regular group meetings to advise on and remind staff about safeguarding. This may take the form of an online meeting.

Child Protection Policy Additions to Addendum Following Partial Reopening

Staff should be aware that it is possible that they will identify new safeguarding concerns about a child or children as they see them in person following the long period of school closure. All staff are reminded that any concern they have must be reported immediately to a Designated Safeguarding Lead **BEFORE** the child leaves the school premises for the day. With this in mind, staff should be aware of the staggered departure times for different groups of children during the phased return.

Senior Leaders and teachers should continue to ensure that contact is maintained with children (and their families) who are not yet returning to school. As has been the practise throughout the school closure period, staff should make every effort to speak directly to these children on a weekly basis to help identify any concerns. Any safeguarding concerns arising from these contacts must be reported to DSL's in the normal way. Where staff use personal phones to make these calls, they should withhold their personal number.

Individual risk assessments have been written for all children who are assessed as being in need under section 17 of the Children Act 1989, including children who have a child in need plan, a child protection plan or who are a looked after child. These risk assessments are reviewed weekly by a DSL and this information is sent to SEN Services at Enfield every Friday. The school maintains close contact with children's social workers, virtual school heads for looked after and previously looked after children and any other relevant safeguarding and welfare partners.
